Enclosed is a proposed Power of Attorney form for you to give another person the authority to obtain necessary emergency and non-emergency medical and dental care for your child(ren). This Power may allow the non-custodial "attorney" the right to enroll your child in school or to obtain other educational services if the child is to be residing somewhere other than Ohio or in the custodial parents' school district. With this power, you are permitting another person to act on your behalf for your child. You should carefully select the person to whom you are giving this power. A power of attorney is not a grant of custody, and should not be construed as such.

You should complete the form as shown according to the enclosed sample. You and your appointed attorney-in-fact both need to sign the document in front of a notary public. You should give the original to your appointed attorney-in-fact, and keep a copy for yourself.

If you want the power of attorney to end before your child is 18, you must complete the appropriate line. This Power of Attorney may be ended or withdrawn by you at any time. If you wish to end the Power of Attorney, you should write to your appointed attorney-in-fact, telling the person you are ending the Power of Attorney or use the enclosed form. Keep a copy of your letter (or form) for your records. You should keep your appointed attorney-in-fact-informed AT ALL TIMES as to how to contact you if medical or dental care is needed for the child.

NOTE: this Power of Attorney should not be construed as a consent to custody or consent to adoption.
